5kW Relay Protector Model Specifications

Overview

The 5KVA Relay 95-280V XTRA Power Wall Voltage Stabilizer is your essential solution for voltage protection. Designed for wall mounting, this fully automatic regulator ensures a stable output of AC 220V $\pm 10\%$ while accommodating input voltages from AC 45-280V. Fast Voltage Regulation: Quickly. SIPROTEC 5, built on extensive field experience, offers comprehensive functionalities and device types for modern electrical energy systems. Its modular design and powerful DIGSI 5 engineering tool provide tailored solutions. This tool gives a quick guidance to find a SIPROTEC 5 protection relay. SIPROTEC 5 - Motor and Generator Protection - SIPROTEC 7UM85 Protection SIPROTEC 5 Motor and Generator Protection SIPROTEC 7UM85 Generator protection - 7UM85 Housing: expandable, 1/3 x 19" to 2/1 x 19" with Conformal Coating Base function with hardware standard variant1) AA1: 1/3, 11 BI, 9 BO (2S. PMC-550D Motor Protection Relay seamlessly integrates motor protection, control, temperature monitoring, and insulation monitoring with a modular design. Featuring extensive I/O options, including 10xDI, 5xDO, 2xRS-485 ports, 1x Analog Output, and 1x Residual Current Input, the relay offers. Only orders placed and paid through Made-in-China. In order to protect motor. TeSys K offers a complete range of mini contactors, with the ideal balance between performance and compact dimensions, as well as seamless integration into your applications.
