

Distribution Box Manufacturer in Saudi Arabia

Overview

Leading Industrial Distribution Box Manufacturer & Exporter in Saudi. Kesher Automation stands out as a reliable manufacturer and exporter of Industrial.

Key Takeaways

Saudi Arabia hosts several leading distribution box manufacturers, including Coloria, Kesher Automation, Industrial Systems Group (ISG), Azra IT Systems, and Norden Communication, offering industrial, fiber optic, and explosion-proof solutions. Key Manufacturers

1. **Coloria** Coloria is a global building materials supplier with a strong local presence in Saudi Arabia, providing electrical distribution boxes designed to withstand extreme temperatures and humidity while meeting IEC, CE, and Saudi SASO standards. They offer end-to-end solutions, including cables, switches, and lighting, ensuring compatibility and efficient installation for residential, commercial, and large infrastructure projects .

2. **Kesher Automation** Kesher Automation specializes in industrial distribution boxes, offering durable solutions for factories, manufacturing plants, water treatment facilities, and commercial complexes. Their products include protective devices like MCBs, fuses, and isolators, ensuring safety against overloads and short circuits. Kesher also provides customized solutions for optimal load management and energy efficiency, with CPRI-approved panels for industrial applications .

3. **Industrial Systems Group (ISG)** ISG is a Saudi-based manufacturer of explosion-proof and industrial electrical equipment, including panel boards, circuit breakers, junction boxes, enclosures, and switch racks. Established in 2008, ISG holds ISO 9001 certification and approvals from Aramco and SABIC, making it a trusted supplier for high-safety and industrial-grade distribution boxes .

4. **Azra IT Systems** Azra IT Systems focuses on fiber optic distribution boxes for FTTx networks, offering a wide range of core capacities from 2 to 72 cores. Their products integrate fiber splicing, splitting, distribution, and storage, providing robust protection and management for telecom infrastructure. They also offer customized solutions for outdoor splitter and patch panel applications .

5. **Norden Communication** Norden is a leading fiber optic metal distribution box manufacturer in Saudi Arabia, supplying high-quality boxes for telecom and data network projects. They provide reliable, durable solutions suitable for both indoor and outdoor installations, ensuring compliance with industry standards .

Considerations for Choosing a Manufacturer

- **Product Type:** Industrial, residential, explosion-proof, or fiber optic.
- **Certifications:** IEC, CE, SASO, ISO, Aramco, SABIC approvals.
- **Customization:** Ability to tailor boxes for specific load, core count, or environmental conditions.
- **Local Presence:** Faster approvals, compliance with Saudi building codes, and logistical support.
- **Integration:** Suppliers offering complete electrical solutions (cables, switches, lighting) can reduce installation time and costs. These manufacturers provide a range of options for projects aligned with Saudi Arabia's Vision 2030, ensuring safe, efficient, and compliant electrical distribution systems.
