

Dubai Fireproof Cable Tray Customization Price

Overview

Cable Tray Manufacturer UAE | Steel & Galvanized Cable Trays Supplier High-quality cable trays in UAE including steel, pre-galvanized, and HDG options. Reli.

Key Takeaways

Fireproof cable trays in Dubai are available in various materials and custom configurations, with prices typically ranging from AED 150 to AED 600 per meter depending on material, duty rating, and customization. Material and Type Options

Fireproof cable trays in Dubai are offered in multiple materials and finishes:

- FRP (Fiber Reinforced Plastic): Fire retardant, corrosion-resistant, UV-resistant, and electrically insulating. Ideal for corrosive environments and outdoor installations. Available in perforated and ladder types with full accessory support like bends, tees, and clamps (Ferrotech) .
- Steel and Galvanized: Hot-dip galvanized or pre-galvanized steel trays conforming to BS EN ISO standards, suitable for heavy-duty industrial and commercial applications. Can be powder-coated or epoxy painted for additional fire and corrosion protection (NMSS, DANA Steel, Ruwais Steel) .
- Aluminum and Stainless Steel: Grades 304 or 316(L), offering high strength and durability, often used in industrial or high-end commercial projects .

Customization Factors Affecting Price

The cost of fireproof cable trays depends on several factors:

- Tray Duty Rating: Light, medium, heavy, or extra-heavy duty. Heavier duty trays for industrial use are more expensive.
- Length and Dimensions: Standard lengths are 2-3 meters, but custom lengths increase cost.
- Accessories and Fittings: Bends, tees, reducers, covers, and clamps add to the total price.
- Finish and Coating: Powder coating, epoxy, or stainless steel finishes increase durability and fire resistance, affecting cost.
- Project Complexity: Custom color coding, scratch-resistant coatings, and specialized installation requirements can raise the price .

Estimated Price Range

- FRP Fireproof Cable Trays: AED 250-600 per meter depending on size, type, and accessories .
 - Steel/Aluminum Fireproof Cable Trays: AED 150-500 per meter for standard configurations; custom finishes or heavy-duty trays may cost more .
- Suppliers in Dubai
- NMSS: Offers galvanized, powder-coated, and stainless steel trays with fast delivery across UAE .
 - Ferrotech: Specializes in FRP fireproof trays with full accessory support .
 - DANA Steel: Provides custom lengths, finishes, and color-coded trays for industrial and commercial projects .
 - BonnGulf: Supplies ladder, trough, mesh, and channel trays with extensive accessories for complex installations .
 - Ruwais Steel: Manufacturer of steel, galvanized, and powder-coated trays with ISO 9001:2008 certification . For accurate pricing, it is recommended to contact suppliers directly with your project specifications, including tray type, length, duty rating, and required accessories, as customization significantly affects the final cost.
