

RIVO MULTITRADE OPTICAL SYSTEMS

Egyptian optical line terminal manufacturer

Overview

Optical Line Terminal equipment manufacturers Richerlink is a leading supplier and manufacturer of OLT equipment.

Key Takeaways

Egypt currently has local fiber-optic equipment suppliers, but fully Egyptian-owned OLT manufacturing is limited, with companies like Light Technology and Hengtong Egypt providing fiber-optic solutions. Local Suppliers and Manufacturers

Light Technology Company is a Cairo-based enterprise specializing in fiber-optic communications and equipment supply. Established in 2003, it provides a range of optical network components, including OLTs, for telecom operators and enterprises in Egypt . While primarily a supplier, it supports installation and maintenance of fiber-optic networks. Hengtong Optic-Electric Egypt Co., S.A.E. operates in Egypt as part of the international Hengtong Group. The company manufactures fiber-optic cables and ODN (Optical Distribution Network) products and provides telecommunication engineering services . Hengtong Egypt has a local presence in Cairo and Suez, offering both products and EPC turnkey solutions for fiber-optic networks. Although Hengtong is a multinational, its Egyptian subsidiary serves the domestic market and supports OLT deployment.

International Brands in Egypt

Tenda Egypt supplies Optical Line Terminals (OLTs) for passive optical networks (PONs) in Egypt . Tenda is an international brand, and its OLTs are widely used by ISPs and telecom operators in the region. While not locally manufactured, Tenda products are available through distributors in Egypt.

Summary

Currently, Egypt does not have a widely recognized fully Egyptian-owned OLT manufacturer, but local companies like Light Technology and Hengtong Egypt provide fiber-optic network equipment, including OLTs, and support services. For direct OLT procurement, international brands such as Tenda are commonly used in the Egyptian market. These companies collectively enable the deployment and maintenance of fiber-optic networks across Egypt .
