

Fiber Optic Cable Manufacturer in Cambodia

Overview

Fiber Optic Manufacturers & Suppliers in Cambodia | TrademoFind and discover Fiber Optic manufacturers and suppliers for all products in Cambodia, featuring.

Key Takeaways

Cambodia hosts several fiber optic cable companies, including Angkor Data Infrastructure, ENC W&W Co., Ltd., and Legrand Cambodia, offering nationwide services and high-quality products.

Key Companies

1. Angkor Data Infrastructure Co., Ltd. Established in 2022, Angkor Data Infrastructure is a licensed provider under the Telecommunication Regulator of Cambodia (TRC). They offer countrywide and in-building fiber optic cable services, including planning, implementation, leasing, and maintenance for various sectors. Their network supports nationwide fiber broadband and digital infrastructure projects.
2. ENC W&W Co., Ltd. Based in Phnom Penh, ENC W&W partners with top Chinese manufacturers to distribute high-quality fiber optic cables. They focus on state grid and national projects across Cambodia and the ASEAN region, providing technical assistance, tailored solutions, and reliable delivery.
3. Legrand Cambodia Legrand offers a range of fiber optic solutions, including drawers, panels, and connectors. They cater to both commercial and industrial applications, supporting network infrastructure development in Cambodia.
4. Other Verified Providers A broader list of verified cabling and fiber optics companies in Cambodia can be found through local directories, such as CambodiaYP, which lists top providers with accurate business information and contact details.

Additional Resources

For sourcing and trade intelligence, platforms like Trademo provide information on fiber optic manufacturers and suppliers in Cambodia, including shipment data, trade volumes, and global trading partners . This can be useful for businesses seeking import/export opportunities or detailed supplier insights. These companies collectively support Cambodia's growing digital infrastructure, offering both products and services for fiber optic network deployment, maintenance, and expansion.
