

Fiber Optic Cable and Network Cable Sales

Overview

Fiber Optic Internet Cables for High-Speed NetworksShop fiber optic internet cables for reliable, high-speed data connections in electronics and networking.

Key Takeaways

Several reputable companies in the USA supply fiber optic and network cables, offering bulk cables, patch panels, connectors, and installation tools for commercial and industrial applications. Leading Fiber Optic Cable Suppliers

- FiberOptic Supply (Denver, CO) – Offers a wide range of fiber optic materials including bulk cables, patch cables, fusion splicers, and tools for indoor/outdoor applications, with fast shipping and professional support .
- FIS – Fiber Instrument Sales (Oriskany, NY) – Provides fiber optic patch cords, assemblies, enclosures, test equipment, and network devices, with ISO 9001:2015 certification and same/next-day shipping .
- Amerifiber (Roswell, GA) – Manufacturer and distributor of stock and custom fiber optic products, including patch panels, jumpers, enclosures, and FTTx solutions, with a focus on rapid turnaround and technical support .
- Fosco Connect (Silicon Valley, CA) – Specializes in custom fiber optic cable assemblies, bulk fiber cables, patch cables, and professional installation tools, offering fast shipping and expert consultation .

- Cables Plus USA – Supplies high-density fiber optic cables, MIL-SPEC assemblies, bulk fiber, and network solutions for data centers and commercial installations .
- trueCABLE (Kansas City, MO) – Offers Ethernet cables (Cat5e, Cat6, Cat6A), fiber optic patch cables, coaxial cables, connectors, and cable management tools, with bulk purchasing options and same-day shipping .
- Lanshack – Provides both fiber optic and copper wire assemblies, including indoor/outdoor multimode and singlemode cables, RJ45 to fiber conversion kits, and grounding kits .

Key Considerations

- Product Range: Most suppliers offer both standard and custom fiber optic cables, patch panels, connectors, and network accessories.
- Certifications: Many companies are ISO 9001 certified, UL-listed, and RoHS compliant, ensuring quality and safety standards.
- Applications: Products are suitable for telecommunications, data centers, industrial automation, broadcast, military, and residential networks.
- Support & Services: Several suppliers provide technical support, cable assembly customization, and professional consultation for network design and installation.
- Shipping & Availability: Many offer fast or same-day shipping, bulk purchasing, and online ordering for convenience. These suppliers collectively cover a broad spectrum of fiber optic and network cabling needs, from high-performance data center installations to small-scale commercial or residential projects. Choosing a supplier depends on your specific requirements for cable type, quantity, customization, and delivery speed.
