

How much does a Nordic grid cable tray cost

Overview

Cable Tray Price List Cable tray are used in wiring of buildings to support electrical cables and wires that are used to distribute power, Nordic Wire Tray.

Key Takeaways

Nordic Wire Tray (NWT) does not publicly list prices; you need to request a quote for the latest pricing.

Nordic Wire Tray offers a wide range of grid cable trays, including the premium X-Tray series, straight, curved, horizontal, and vertical configurations, as well as accessories like brackets, mounting tools, and data racks (). Their products are designed for industrial, commercial, and specialized installations, with options for custom sizing and surface finishes to meet project-specific requirements ().

How to Obtain Pricing

- Contact NWT Directly: The most reliable way to get current prices is to reach out to their sales team via their website or contact form. They can provide quotes based on your project specifications, tray size, quantity, and any custom requirements ().
- Request a Quote Online: Some distributors or resellers, like Eurostrut, allow you to request quotes for industrial cable trays, including Nordic products ().

- **Consider Customization:** NWT offers custom cutting, bending, and configurations for unique installations. Pricing may vary depending on these customizations ().

Additional Notes

- **X-Tray Premium Series:** Designed for demanding environments, with long support spans and fewer fasteners, which can reduce installation time and cost ().
- **Availability:** Standard sizes are often in stock for quick delivery, but custom solutions require consultation ().
- **Accessories:** Brackets, mounting tools, and other accessories are priced separately and can be included in a quote. For the most accurate and up-to-date pricing, it is recommended to contact Nordic Wire Tray directly through their official website or authorized distributors. This ensures you receive a quote tailored to your project's specifications and location.
