

How much does an upgraded fiber optic splice box cost

Overview

For most commercial projects, expect to pay \$50-\$150 per fusion splice point - but that number can swing in either direction based on the factors below. Check each product page for other buying options. Need help?

Fiber optic splicing costs vary widely depending on project size, location, fiber type, and site conditions. The "per splice" rate is the most. The fibre optic TCO (Total Cost of Ownership) and splice box cost calculation encompass far more than acquisition prices alone - on average, hardware and initial installation account for only 40-50% of total costs over the operational lifespan. By shipping this item directly from the vendor, you may incur additional charges. Made from high-quality engineering plastics, the enclosures offer excellent.
