

Large-scale fiberglass cable tray manufacturers

Integrated Aluminum Alloy
Die Casting

Durable and Secure Metal Screws

Overview

Top 10 Companies in the Fiberglass-reinforced Cable Tray Industry The Global Fiberglass-reinforced Cable Tray Market was valued at USD 712.4 Million in 202.

Key Takeaways

Shandong Hongfeng Power Technology Co., Ltd. and MP Husky are leading manufacturers of large fiberglass cable trays, offering high-capacity, corrosion-resistant, and customizable FRP systems. Key Manufacturers and Capabilities

Shandong Hongfeng Power Technology Co., Ltd. specializes in large-scale cable tray production with 20 years of experience and an annual capacity of 100,000 tons. They offer customizable widths, heights, thicknesses, and materials including FRP, galvanized steel, stainless steel, and aluminum alloy. Their automated production lines and powder coating facilities ensure fast delivery, consistent quality, and scalable production for industrial and infrastructure projects. Hongfeng supports project-specific designs, load tables, and complete tray systems with fittings and accessories for B2B clients worldwide . MP Husky Corporation produces fiberglass cable trays using pultrusion technology, providing trays that are lightweight yet stronger than steel, non-conductive, non-magnetic, and corrosion-resistant. Their FRP trays are available in polyester and vinylester resin systems, meet ASTM E-84 Class 1 flame rating, and are suitable for high-load applications in chemical plants, refineries, and laboratories. MP Husky also offers custom colors and surface treatments for UV protection and enhanced durability . Other notable suppliers include manufacturers listed on Alibaba, offering hundreds of FRP cable tray options with OEM, ODM, and patented designs. These suppliers provide ladder-type, tray-type, and trough-type cross-sections, with lengths exceeding 6 meters and optional stiffeners to enhance load capacity .

Advantages of Fiberglass Cable Trays

- High strength-to-weight ratio: Easier installation and reduced transportation costs compared to steel .
- Corrosion and chemical resistance: Ideal for coastal, chemical, and offshore environments .
- Electrical insulation: Non-conductive and transparent to radio waves, reducing interference .
- Customizable: Width, height, thickness, color, and surface treatments can be tailored to project requirements .
- Durable and low maintenance: Resistant to rust, UV exposure, and mechanical impact .

Applications

Large fiberglass cable trays are widely used in:

- Power plants and substations
- Chemical and petrochemical plants
- Industrial and infrastructure projects
- Offshore platforms and coastal installations
- Laboratories and high-tech facilities

Conclusion

For large-scale projects requiring durable, high-capacity, and customizable fiberglass cable trays, Shandong Hongfeng Power Technology Co., Ltd. and MP Husky are highly recommended. They provide automated production, flexible customization, and reliable delivery, while other global suppliers on platforms like Alibaba offer additional options for specialized or bulk requirements .

Top 10 Companies in the Fiberglass-reinforced Cable Tray Industry

The Global Fiberglass-reinforced Cable Tray Market was valued at USD 712.4 Million in 2025 and is projected to grow

Top 10 Companies in the Fiberglass-reinforced Cable Tray Industry

In this blog, we profile the Top 10 Companies in the Fiberglass-reinforced Cable Tray Industry —a mix of global

Fiberglass Cable Tray

MP Husky Fiberglass Cable Tray is available in both polyester and vinylester resin systems. They are manufactured to meet ASTM E

Top 10 Companies in the Fiberglass-reinforced Cable Tray Industry

The company leverages large-scale production capabilities to offer competitive fiberglass cable tray solutions, serving

GFRP CABLE TRAYS

GFRP cable trays consist of a series of interconnected channels or trays designed to hold and support electrical cables and wires.

FRP GRP Cable Tray Manufacturers India

Aeron supplies FRP GRP cable trays in varied sizes along several fittings like bends, tees, cross, reducers, etc. for every large or

Manufacturer of GRP/FRP Pipe & Chemical Equipment by ...

FRP Cable Trays are non-metallic support systems for routing electrical and data cables in industrial and commercial facilities. Made

Cable Trays Manufacturers and Suppliers in the USA and Canada

Custom manufacturer of cabletray systems made from glass or fiberglass reinforced plastic materials. Equipped with left hand

Fiberglass (FRP) Cable Tray for Extreme Conditions

Enduro cable tray and cable ladder sets the industry standard for high-quality fiberglass cable tray. Our FRP cable tray is extremely

FRP/GRP Cable Trays systems

Agni Fiber Board is a Leading manufacturer of FRP/GRP Pultruded Cable Trays in India. Agni fiberglass (FRP/GRP) cable tray is the

Fiberglass (FRP) Cable Ladder Tray & Cable Tray Systems

Our fiberglass cable ladder tray is designed to withstand tough conditions! Enduro offers a variety of configurations for

Top Fiberglass Cable Tray Manufacturers You Should Know

A high-quality cable tray not only supports and protects electrical cables but also contributes to the overall efficiency and safety of

Fiberglass Cable Tray Market Research Report 2034

The Fiberglass Cable Tray market was valued at \$0.84 billion in 2025 and is projected to reach \$1.52 billion by 2034, growing at

Fiberglass Cable Tray

Our Fiberglass tray weighs 1/3 that of steel trays and is pound for pound stronger. This makes the tray easy to install, reduces the

Global Fiberglass-reinforced Cable Tray Market Size, Industry Share ...

Delve into detailed insights on the Fiberglass-reinforced Cable Tray Market, forecasted to expand from USD 1.25 billion in 2024 to

Top 50 Cable Tray Manufacturers in the US

The United States is a diverse landscape of top manufacturers spanning various sectors. These companies lead in

Fiberglass (FRP) Cable Tray for Extreme Conditions

Our fiberglass cable tray has been designed by our technical experts to meet customer needs for quality performance in the harshest

Fiberglass Cable Trays | Fiberglass Grating | Uniflex

Our fiberglass cable tray gives you the load capacity of steel plus the inherent characteristics afforded by our Protrusion Technology:
