

RIVO MULTITRADE OPTICAL SYSTEMS

Malaysia Fiber Optic Splice Box 4 Cores

Overview

FTTH 4 Core Fiber Optic Termination Box / 4 ports SC The product is not affected by the environment in the process of use, no failure ADV7007 4 core Fiber.

Key Takeaways

A 4-core fiber optic splice box in Malaysia is a compact, wall-mounted enclosure designed for FTTH and telecommunication networks, supporting SC, LC, FC, or ST connectors with high durability and low insertion loss.

- **Material & Build:** Made from high-impact ABS plastic, lightweight, compact, and resistant to UV and rainfall, suitable for indoor and outdoor use .
- **Capacity:** Supports 4 fiber cores with 4 ports, compatible with SC, LC, FC, or ST adapters. Some models can accommodate 1x8 or 1x16 PLC splitters .
- **Performance:** Low insertion loss (~ 0.03 dB) and high return loss (> 60 dB), ensuring reliable optical performance .
- **Protection:** Built-in heat shrinkable protection casing and reinforced fiber tails provide tensile resistance greater than 60 N, enhancing durability and reducing maintenance costs .
- **Mounting Options:** Wall-mounted or surface-mounted; some models are pole-mountable for outdoor installations .

- Applications: Ideal for FTTH access networks, telecommunication networks, CATV, data communications, and local area networks .

Advantages

- Easy Installation: Designed for simple and quick operation, requiring minimal professional skills .
- Environmental Resistance: Not affected by environmental conditions, ensuring long service life and low failure rates .
- Management: Provides organized cable management and easy monitoring of fiber connections .

Purchasing Options in Malaysia

- Shopee Malaysia: Offers FTTH 4-core fiber optic termination boxes with SC/LC/FC/ST ports, ready stock, and competitive pricing .
- Lazada Malaysia: Provides a variety of splicing boxes with fast delivery and multiple brands .
- Local Suppliers: ADV Network Sdn Bhd offers IP55-rated 4-core FTTH terminal boxes suitable for outdoor use . S2COM specializes in fiber termination boxes and patch panels for high-speed networking . These 4-core fiber optic splice boxes are widely used in residential, commercial, and industrial fiber deployments, providing reliable connectivity and protection for optical fibers.
