

Manufacturers of iron-cased electrical distribution boxes

PRODUCT CATEGORY				
Open rack Series				
Wall mount rack Series				
Floor standing server rack				
Outdoor cabinet				
Splitter series				
Splitter series				
Patch cord series				
FTTH product series				

Overview

Manufacturer of electrical boxes made from cast iron, bronze, stainless steel, and cast aluminum materials.

Key Takeaways

Leading manufacturers of iron-cased electrical distribution boxes include Hope Electrical Products, Delvalle Box, and Wieland Electric, offering robust enclosures for industrial and commercial applications.

Key Manufacturers

1. Hope Electrical Products Co., Inc. Hope Electrical specializes in cast iron and cast aluminum electrical junction boxes, enclosures, housings, and cabinets suitable for industrial and commercial use. Their products are designed for both indoor and outdoor applications, including sidewalks, bridges, street lighting, and parking lots, providing high durability and safety in harsh environments .

2. Delvalle Box Delvalle Box is a European manufacturer of high-resistance electrical enclosures for demanding industrial environments. They offer fully customizable iron and metal cabinets, engineered for durability, safety, and compliance with technical standards. Delvalle provides consulting, engineering, and integration services, ensuring each enclosure meets project-specific requirements .

3. Wieland Electric Wieland Electric produces robust distribution boxes suitable for decentralized electrical installations, including power and signal distribution. While their focus includes pluggable and modular systems, they also offer enclosures designed for harsh environments, moisture resistance, and compliance with IEC standards .

4. Other Industrial Suppliers Platforms like DirectIndustry list multiple manufacturers of sheet steel and iron-cased power distribution enclosures, including Amphenol, ARMAGARD, and Bosecker. These enclosures comply with standards such as IEC 61439 and IEC 60364, and offer IP ratings up to IP66 for protection against dust and water .

Considerations When Choosing a Manufacturer

- **Material and Durability:** Cast iron or steel enclosures provide superior mechanical strength and corrosion resistance.
- **Standards Compliance:** Look for IEC, CSA, or other regional certifications to ensure safety and reliability.
- **Customization:** Some manufacturers, like Delvalle, offer fully customized solutions for specific industrial needs.
- **Environmental Protection:** IP ratings (e.g., IP65, IP66) indicate protection against dust, water, and harsh conditions.
- **Application:** Consider whether the enclosure is for indoor, outdoor, or specialized industrial use, such as high-voltage or solar installations.

These manufacturers provide a range of iron-cased electrical distribution boxes suitable for industrial, commercial, and infrastructure projects, ensuring safety, durability, and compliance with international standards.
