

Mauritania Mesh Cable Tray Processing Enterprises

Overview

Cable House has earned loads of appreciation in the market as one of the reputed manufacturers of Cable Tray in Mauritania.

Key Takeaways

Mauritania has several reputable manufacturers and suppliers of mesh and perforated cable trays, including Jeetmull Jaichandlall (P) Ltd., Brilltech Engineers Pvt. Ltd., and Cable House, offering high-quality, customizable solutions. Key Manufacturers

1. Jeetmull Jaichandlall (P) Ltd. This company is recognized as one of the top wire mesh cable tray manufacturers in Mauritania. They provide customizable wire mesh trays in various sizes, shapes, and colors, suitable for multiple industrial applications. Their manufacturing facility is equipped with modern machinery and advanced technology, ensuring high-quality finishing and adherence to industry standards. They focus on durability, impact resistance, and long-term performance, making them a reliable choice for both local and global projects . 2. Brilltech Engineers Pvt. Ltd. Brilltech specializes in perforated and standard cable trays, offering solutions made from galvanized steel, stainless steel, and fiberglass. Their trays are designed for enhanced airflow, cable protection, and easy installation, making them ideal for data centers, factories, and commercial buildings. They provide technical support for product selection, system design, and installation, ensuring compliance with safety and regulatory standards . 3. Cable House Established in 1983, Cable House is a well-known manufacturer and exporter of cable trays in Mauritania. They offer a wide range of cable management products, including mesh trays, solid trays, and accessories like cable ties and clamps. Their in-house manufacturing facility uses graded raw materials and modern technology to produce durable, reliable, and long-lasting cable trays. Cable House also provides global shipping and customization options to meet specific project requirements .

Product Features and Benefits

- **Durability and Strength:** Mesh cable trays are made from welded or woven metal wires, resistant to deformation and heavy loads.
- **Ventilation:** Perforated designs improve airflow, preventing overheating of cables.
- **Customization:** Available in various sizes, shapes, and materials to suit industrial, commercial, and infrastructure projects.
- **Ease of Installation:** Lightweight and modular designs allow for quick assembly and maintenance.
- **Compliance:** Products adhere to industry standards for safety and performance.

Applications

Mesh and perforated cable trays are widely used in:

- Industrial plants and factories
- Data centers and IT infrastructure
- Commercial and residential buildings
- Electrical and telecommunication installations These manufacturers in Mauritania provide both local supply and export services, making them suitable for domestic projects and international procurement. For inquiries, quotes, or technical specifications, contacting the companies directly through their websites or customer service channels is recommended.
