

Price of Aluminum Alloy Partitions for Cable Trays

Overview

Cable Tray Partition: Best Solutions for 2025 Looking for reliable cable tray partition solutions?

Discover top-rated, customizable options with fire resis.

Key Takeaways

Aluminum alloy cable tray partitions typically range from ₹75 to ₹95 per meter in India, with international suppliers offering competitive bulk pricing. Pricing Overview

In India, suppliers on IndiaMART list starting prices for aluminum cable trays as follows: Hemant Engineering Works offers trays starting at ₹75 per meter, Damodar Perforators at ₹90 per kilogram, and SV Metal & Extrusions at ₹95 per meter. Prices vary depending on thickness, type (perforated, ladder, or solid), and load capacity. Buyers can contact suppliers directly for bulk order discounts and delivery details (IndiaMART, July 12, 2026) . Internationally, Chinese manufacturers provide aluminum alloy cable trays with options for OEM customization and factory-direct pricing, which can reduce costs for large orders. These suppliers offer a variety of configurations, including ventilated, mesh, and ladder trays, suitable for industrial, commercial, and office applications (Made-in-China, Alibaba) .

Factors Affecting Price

- **Material Thickness and Alloy Grade:** Thicker or higher-grade aluminum alloys increase durability and load capacity but raise costs.

- **Tray Type:** Ladder trays generally cost more than perforated or solid trays due to higher material usage and structural strength.
 - **Customization:** OEM or factory-direct options allow tailored dimensions, bends, and partitions, which may affect pricing.
 - **Quantity and Bulk Orders:** Larger orders often qualify for volume discounts, especially from international suppliers.
 - **Environmental Resistance:** Trays designed for outdoor or corrosive environments may include coatings or anodization, slightly increasing the price.
- Supplier Recommendations**
- **India:** Hemant Engineering Works, Damodar Perforators, SV Metal & Extrusions for competitive pricing and fast delivery .
 - **China:** Alibaba and Made-in-China suppliers for bulk orders, OEM customization, and factory-direct options .
 - **Specialty Applications:** EAE Electric offers lightweight, corrosion-resistant aluminum trays suitable for high-density cable management and industrial environments .

Summary

For standard aluminum alloy partitions in cable trays, expect ₹75-₹95 per meter in India, with international suppliers offering competitive bulk pricing. Prices depend on material, tray type, customization, and order volume, so contacting suppliers directly is recommended to obtain accurate quotes and delivery options.
