

Price of Fiber Optic Terminal Box Round Connector

Overview

Amazon.com: Fiber Termination Box Fiber Optic Wall Mount Box with LC Couplers for Single Mode & Multimode Fiber Optic Cable. | Fiber Box Enclosure for MPOE'.

Key Takeaways

Fiber optic terminal boxes with round connectors typically range from \$15 to \$50 depending on port count and features.

Fiber optic terminal boxes, also known as splice or termination boxes, are used to protect and organize fiber connections in FTTH, FTTB, and small network deployments . They support cable splicing, termination, and secure storage of fiber pigtailed, and are compatible with SC, LC, FC, and ST adapters . Round connector boxes are compact, often wall-mounted or desktop-installed, and designed for easy maintenance without tools .

Example Pricing

- A 4-port fiber optic terminal junction box with round ports is available on Amazon UK for approximately £15-£20 (~\$18-\$25 USD) depending on shipping and seller .

- Larger enclosures with up to 48 ports for SC, LC, or ST adapters are available from suppliers like FiberMania, with prices typically ranging from \$30 to \$50 for standard indoor models .

Factors Affecting Price

- Port Capacity: More ports increase cost; 4–8 ports are cheaper, while 24–48 ports are more expensive.
- Material and Durability: ABS or reinforced plastic enclosures are standard; outdoor-rated boxes with weatherproofing cost more.
- Pre-assembled vs Customizable: Pre-assembled boxes with adapters and pigtails are more expensive than empty enclosures.
- Mounting Type: Wall-mounted or desktop boxes are generally less expensive than rack-mounted or high-density 19" units . For purchasing, platforms like Amazon and specialized suppliers such as FiberMania or EFB-Elektronik offer a range of options with detailed specifications, allowing you to select a box that fits your network requirements and budget .
