

Qatar Explosion-proof Distribution Box Supplier

Overview

Atex junction box in Qatar for hazardous zones. Available in Doha and Al Khor from trusted suppliers.

Key Takeaways

Bens Technologies, Electron Qatar, Petrotec, Nassguard, Bushtorm, and Atex Delvalle are leading suppliers of custom explosion-proof distribution boxes in Qatar. Key Manufacturers and Suppliers

1. Bens Technologies & Trading WLL Located in Doha, Bens Technologies specializes in ATEX/IECEx certified Ex d, Ex e, and Ex n panels for Zone 1 and Zone 2 hazardous areas. They provide custom-built low voltage switchgear, motor control centers, junction boxes, distribution boards, and PLC-based automation systems. Bens is an authorized partner of Siemens and BARTEC, offering full technical support, in-house panel assembly, and Factory Acceptance Testing (FAT) for industrial, oil & gas, and utilities projects in Qatar . 2. Electron Qatar Electron Qatar manufactures Ex ATEX explosion-proof distribution cabinets, busbar enclosures, and control units. Their products feature sheet steel or stainless steel enclosures, IP66 protection, and rated currents up to 500 A, suitable for underground mines and industrial applications. They offer modular systems and fully wired control units with corrosion-resistant materials . 3. Petrotec Qatar Petrotec, in collaboration with R. Stahl, assembles and supplies explosion-proof junction boxes, terminal boxes, local control panels, and distribution panels. Their facility in Qatar ensures faster delivery, product customization, and local support for oil & gas, energy, and industrial sectors . 4. Nassguard Nassguard provides ATEX-certified explosion-proof enclosures in Doha and Al Khor. Their products include Ex d, Ex e, and Ex i enclosures made from stainless steel, aluminum, or cast iron, with IP66/IP67 protection. They offer customizable sizes, internal components, cable glands, and inspection windows for hazardous environments . 5. Bushtorm Bushtorm supplies a wide range of explosion-proof electrical equipment, including junction boxes, enclosures, fittings, and LED lighting. Their ATEX and IECEx certified products are designed for oil & gas, chemical, and petrochemical industries, offering stainless steel or corrosion-resistant aluminum construction with IP-rated protection . 6. Atex Delvalle Atex Delvalle specializes in custom stainless steel (AISI 304L & 316L) and GRP enclosures, including junction boxes, terminal boxes, and large distribution enclosures. Their products are certified for Zones 1, 2, 21, and 22, with options for Ex d, Ex e, and Ex i protection. They provide rapid delivery and pre-installed solutions for hazardous areas .

Considerations for Choosing a Supplier

- Certification: Ensure ATEX, IECEx, and UL compliance for your specific hazardous zone.
- Material: Stainless steel, aluminum, or GRP depending on corrosion resistance and environmental conditions.
- Customization: Options for internal components, cable entries, mounting, and modular configurations.
- Support: Local technical support, installation assistance, and Factory Acceptance Testing (FAT).
- Application: Confirm suitability for oil & gas, petrochemical, marine, or industrial automation environments. These suppliers provide customizable, certified, and durable explosion-proof distribution boxes suitable for Qatar's industrial and hazardous environments, ensuring safety, compliance, and operational reliability.
