

RIVO MULTITRADE OPTICAL SYSTEMS

Saudi Arabia Aluminum Alloy Cable Tray Manufacturer

Overview

Zawaya Tayeba specializes in the manufacturing and supply of high-grade Cable Tray, Trunking, Ladder, and accessories.

Key Takeaways

Leading manufacturers of aluminum alloy cable trays in Saudi Arabia include ADHWA, Zawaya Tayeba, Al Amal, and Wescosa, offering a wide range of industrial and commercial cable management solutions.

1. ADHWA Al-Rawafid Electric Industries Based in Dammam, ADHWA is a prominent supplier of cable trays and accessories in Saudi Arabia and the Middle East. They manufacture aluminum, mill-galvanized steel, hot-dipped galvanized steel, and stainless steel cable trays, including ladder and channel types. ADHWA provides a full range of fittings, accessories, and hardware, suitable for power, control, and signal cable installations. Their products comply with quality standards and are widely used in industrial, telecommunications, and construction projects . 2. Zawaya Tayeba Zawaya Tayeba specializes in aluminum and galvanized steel cable trays, including perforated and solid bottom trays, ladder systems, and fully enclosed trunking. They serve major industrial and commercial projects across Saudi Arabia, offering technical support, custom manufacturing, and nationwide delivery. Their systems are designed for heavy-duty applications, providing structural support and ventilation for high-volume power cables . 3. Al Amal Co. Al Amal manufactures a variety of cable tray systems, including ladder trays and embedded channels, suitable for industrial and commercial use. While their website emphasizes installation flexibility and strength, they also provide aluminum alloy options for corrosion resistance and lightweight applications. Their products are designed for easy cable installation and future expansion . 4. Wescosa Wescosa, also based in Dammam, produces aluminum alloy, hot-dip galvanized steel, stainless steel, and fiberglass cable trays. Their product line includes perforated trays, ladder trays, and channel trays, all manufactured according to NEMA and IEC 61537 standards. Wescosa offers standard lengths of 2.44 m, 3.0 m, and 3.66 m, with optional polyester powder coating for enhanced durability. Their trays are widely used in power plants, oil refineries, desalination plants, and industrial construction sites .

Summary

For projects requiring aluminum alloy cable trays in Saudi Arabia, ADHWA, Zawaya Tayeba, Al Amal, and Wescosa are reliable manufacturers. They provide a variety of tray types, fittings, and accessories, with options for corrosion resistance, structural strength, and compliance with international standards. These companies also offer technical support, custom solutions, and nationwide delivery, making them suitable for both industrial and commercial applications.
