Socket combination distribution box

Overview

An Industrial Combination Box is an integrated power distribution unit that combines multiple electrical components—such as CEE sockets, switches, circuit breakers, and indicator lights—into a single, robust enclosure. Today, ready to use products that are fully equipped with CEE standard industrial type sockets are gaining significance in technical working environments such as. Modular Combi is a cost-effective system consisting of various CEE socket outlet combinations, RCDs and MCBs at a central installation location. Our wall distributors include the proven AMAXX® and EverGUM combination units as well as metal distribution boxes and socket strips. The product range includes socket boxes, power distribution boxes, lighting distribution boxes, control boxes, junction boxes, and push button stations, suitable for distribution networks with frequency of 50-60Hz and voltage up to 500V. China Combination socket distribution box catalog of Industrial Socket Combination Power Box, IP67 IP44 European Power Panel Distribution Box, 220V Outdoor Waterproof Industrial Socket Box Plastic Portable Small. Ampmech produces high quality laser cut multi-socket distribution boxes with Rittal/IDE enclosures. Standard models : AMIX-PPE2 series – 240VAC, 50Hz, 1 x32A, 1 x16A, 1.

Article Content

2 Household Socket + 3P & 1P Breakers
