

RIVO MULTITRADE OPTICAL SYSTEMS

Temporary power distribution boxes sold directly

Overview

Temporary power distribution equipment supports safe power access for construction sites, events, and temporary setups.

Key Takeaways

Temporary power distribution boxes can be purchased directly from suppliers like Grainger, Lex Products, Century Wire & Cable, and DISTRO-DIRECT, offering a range of portable, safe, and durable units for indoor and outdoor use. Key Suppliers and Options

Grainger offers temporary power distribution boxes and carts, also known as power spider boxes, suitable for construction sites, outdoor events, and emergency services. These units provide multiple outlets to distribute power and are available for direct purchase with fast delivery and 24/7 customer support . Lex Products provides the Load Master™ Series portable power distribution boxes, ranging from 20 to 800 Amps. These units feature adjustable circuit breakers, compact designs for easy transport and storage, and are cULus Listed to UL 1640 standards. They are engineered for rugged durability and can adapt to changing power requirements, making them ideal for dynamic temporary applications . Century Wire & Cable offers ETL-approved temporary power distribution boxes for indoor and outdoor use. Their units include multiple 15/20A outlets, 30A and 50A Twistlocks, circuit breaker overload protection, and GFCI-protected U-Ground outlets, ensuring high levels of electrical safety for contractors and jobsite applications . DISTRO-DIRECT provides small, modular distribution boxes in type 10 and type 11 series. These compact units feature various input and output configurations, optional protective breakers, and are available for direct online purchase. Their modular design allows flexibility for different power distribution needs .

Features to Consider

- **Amperage and Voltage Ratings:** Choose a box that matches your load requirements, from small 20A units to large 800A systems.
- **Safety Features:** Look for GFCI protection, circuit breakers, and ETL or UL certification.
- **Portability:** Compact, rugged designs with handles or carts facilitate transport and setup.
- **Indoor/Outdoor Use:** Ensure the unit is rated for the environment where it will be used.
- **Adjustable Outputs:** Some units allow current adjustments to match specific application loads. These suppliers provide direct purchase options, allowing you to acquire temporary power distribution boxes without rental agreements, suitable for construction, events, or emergency power setups.
