

RIVO MULTITRADE OPTICAL SYSTEMS

UAE fiber optic cable

Overview

Fiber Optic cable Suppliers in Dubai Microsys Networks LLC is the leading Fiber optic Cables supplier in Dubai UAE.

Key Takeaways

Leading fiber optic cable manufacturers in the UAE include AFOC, Naficon, HELUKABEL, Norden, and several others, offering high-quality optical cables for telecom, data centers, and enterprise networks. Key Manufacturers and Suppliers

1. Arabian Fiber Optic Cable (AFOC) AFOC is a prominent UAE-based manufacturer with a plant in Umm Al Quwain and headquarters in Abu Dhabi. They produce optical fiber cables ranging from 1 to 576 fibers, including 900µm tight buffered fibers, armored cables, and ADSS cables suitable for medium to long-span applications. Their facility is equipped with advanced R&D and testing labs, and the company emphasizes high-quality raw materials, automated production, and fast delivery. AFOC serves mission-critical and enterprise environments while supporting future technology upgrades and network migrations .

2. Naficon Naficon Fiber Optic Manufacturing LLC, based in Dubai, is part of the Finnish parent company Naficon Liitin Oy. With over 30 years of experience, Naficon specializes in fiber optic products for telecom, data centers, and utility sectors. They are ISO9001 certified and provide installation-friendly, robust solutions for broadband, FTTH, and data center networks. Naficon has a strong presence in the Middle East and participates in international exhibitions like ANGACOM to showcase their latest technologies .

3. HELUKABEL Headquartered in Dubai World Central, HELUKABEL is a well-established manufacturer and supplier of fiber optic, coaxial, and video cables. Founded in 1978, they offer a wide product portfolio with over 33,000 items and maintain ISO9001 certification. HELUKABEL emphasizes quality control, advanced production, and testing equipment to meet international standards .

4. Norden Founded in 1998 and based in Dubai Silicon Oasis, Norden manufactures fiber optic cables, patch cords, network cabinets, and related accessories. They focus on introducing the latest technological developments and provide solutions for a wide range of application environments, including industrial and building networks .

5. Other Notable Companies Additional UAE fiber optic cable providers include GEC, DME ProLink, Superior Technologies, and Gcabling Electronic. These companies offer a variety of optical cables, structured cabling solutions, and network accessories for telecom and enterprise applications .

Services and Capabilities

Many UAE fiber optic companies provide comprehensive services beyond manufacturing, including:

- Fiber termination, splicing, and testing
 - Turnkey optical outside plant (OSP) network design and installation
 - System integration and maintenance
 - Custom cable solutions for high fire safety, flexibility, and lightweight requirements
- These companies often maintain partnerships with international technology providers and adhere to global standards to ensure high performance and reliability .

Conclusion

The UAE hosts a robust fiber optic cable industry with companies like AFOC, Naficon, HELUKABEL, and Norden leading in manufacturing, innovation, and network solutions. These firms cater to telecom operators, data centers, and enterprise networks, offering a wide range of products and services that meet international quality standards and support future network upgrades .
