

RIVO MULTITRADE OPTICAL SYSTEMS

What are some manufacturers of optical power meters in Samoa

Overview

Samoa Manufacturers Directory, Top Manufacturing Companies in Browse the most reliable Samoa Manufacturers Directory, featuring verified factories and genu.

Key Takeaways

There are currently no known optical power meter manufacturers based in Samoa, but global suppliers can provide equipment to the region.Global Manufacturers

Several leading international companies produce optical power meters that can be sourced for use in Samoa:

- L-com – Offers a range of fiber-optic test equipment including optical power meters suitable for telecommunications and laboratory applications .
- Novanta Photonics – Provides high-precision optical measurement devices for industrial and research applications .
- Agiltron Inc. – Specializes in laser and optical power meters with photodiode and thermal sensor options .
- Gentec Electro-Optics – Offers ultracompact photodiode-based meters and thermal detectors for powers up to 100 kW .
- Edmund Optics – Supplies laser power and energy meters across a wide range of wavelengths and intensities .

Sourcing in Samoa

While Samoa does not appear to have local manufacturers, companies in Apia and other regions may act as distributors or importers of optical test equipment. Some Samoan companies that could potentially facilitate procurement include:

- Connect IT Limited
- E-Tech International Holding Co., Ltd
- Asia Image Tech (Samoa) Ltd
- Vanguard Enterprise Co., Ltd These firms are involved in technology, electronics, or IT services and may provide access to imported optical power meters or assist with sourcing from international manufacturers .

Recommendations

- Contact global manufacturers directly to inquire about shipping or authorized distributors in the Pacific region.
- Reach out to Samoan technology and electronics companies to explore local availability or import options.
- Consider consulting regional suppliers in nearby countries such as New Zealand or Australia, which often serve Pacific Island markets. By leveraging global suppliers and local distributors, optical power meters can be obtained for telecommunications, research, or industrial applications in Samoa.
