Key Takeaways

You can purchase tubular busbars in Israel from suppliers like Mouser Electronics, Schneider Electric Israel, and international manufacturers such as Chalco Aluminum. Local Suppliers

- Mouser Electronics Israel offers a range of busbar accessories, including circuit breaker busbars. They provide inventory, datasheets, and pricing for various busbar types suitable for industrial and commercial applications (Mouser Israel) .
- Schneider Electric Israel supplies Linergy power busbars, including models suitable for low- and medium-voltage applications. Their products are widely used in electrical distribution systems across Israel (Schneider Electric Israel) .

- **Busway System Manufacturers:** Companies like Zhejiang Rutong Electric Technology Co., Ltd. provide low-voltage intensive busbars, high-voltage busbars, and specialized solutions for industrial, data center, and renewable energy projects in Israel. They also offer design consultation, project management, and installation guidance (Zhejiang Rutong Electric) .

International Suppliers

- **Chalco Aluminum** is a leading manufacturer of tubular aluminum busbars, offering high-conductivity, corrosion-resistant solutions in alloys such as 6061, 6063, 6101, 1350, 1370, 1060, and 1070. They support custom lengths, precision fabrication, and surface treatments like anodizing, tin plating, and nickel plating. Chalco's tubular busbars are suitable for substations, switchgear, and high-voltage applications, and can be shipped to Israel (Chalco Aluminum) .

Considerations When Purchasing

- **Material and Alloy:** Aluminum alloys like 1350 H111 offer high conductivity, while 1060 and 1070 alloys provide low temperature rise and low loss.
- **Customization:** Many suppliers can provide custom lengths, surface treatments, and precision fabrication.
- **Compliance:** Ensure the busbars meet local and international standards (IEC, UL) for safety and performance.
- **Quantity:** Some suppliers, like Chalco, allow small-quantity purchases, which is useful for prototyping or smaller projects. By contacting these suppliers, you can obtain tubular busbars suitable for industrial, commercial, or high-voltage applications in Israel, with options for customization and technical support.
