

RIVO MULTITRADE OPTICAL SYSTEMS

Where to buy good electrical distribution boxes for construction sites

Overview

Temporary power distribution equipment supports safe power access for construction sites, events, and temporary setups.

Key Takeaways

You can purchase high-quality electrical distribution boxes for construction sites from online retailers like Amazon, specialized suppliers like Power Temp Systems and Thermon, or local distributors such as CED, North Coast Electric, Platt Electric Supply, and Stoneway Electric Supply in Moses Lake, WA. Online Retail Options

- Amazon offers a wide range of portable and temporary power distribution boxes suitable for construction sites, including weatherproof, GFCI-protected, and multi-amperage models. Popular options include 50A and 30A boxes, IP65/IP67 rated enclosures, and units with multiple outlets for versatile job site use .
 - McMaster-Carr provides a variety of power distribution boxes in different sizes and configurations, with same-day or next-day delivery for urgent construction needs .
- Specialized Construction Power Suppliers
- Power Temp Systems specializes in construction site power solutions, offering portable power panels, transformers, generator distribution carts, and spider boxes. Their products are designed for durability, safety, and easy deployment on evolving job sites .

- Thermon Temporary Power Solutions provides industrial-grade temporary power distribution boxes and spider boxes, engineered for harsh environments, confined spaces, and hazardous locations. Their units include GFCI protection, overload prevention, and multiple outlet configurations .

Local Distributors in Moses Lake, WA

- CED Moses Lake: Authorized distributor for Square D by Schneider Electric, offering a wide range of electrical distribution boxes, enclosures, and related components for construction and industrial applications .
- North Coast Electric: Supplies electrical distribution boxes, lighting, and automation components, with online shopping and local pickup options .
- Platt Electric Supply: Wholesale distributor providing industrial, commercial, and construction-grade electrical products, including power distribution boxes and panels .
- Stoneway Electric Supply: Offers a broad selection of electrical distribution solutions, project management support, and technical assistance for construction sites .

Key Considerations

When selecting a distribution box for a construction site, consider:

- Amperage rating (commonly 30A, 50A, or higher)
- Weatherproofing (IP65/IP67 for outdoor use)
- GFCI protection for safety
- Portability and ease of setup
- Compliance with NEC and OSHA standards
- Customization options for specific site requirements By choosing from these suppliers, you can ensure your construction site has a safe, reliable, and code-compliant power distribution solution tailored to your project needs.
